Dear Mile High Disc Golf Club Volunteers,

On behalf of the Department of Denver Parks and Recreation, I would like to express our sincerest appreciation for your continued involvement as a volunteer group. It is because of valued volunteers like your organization that we are able to offer the services of Denver Parks and Recreation to our citizens. The hours that were contributed to this project included 825 gallons of debris removal. It was a great success due to all the work completed. Because of your hard work and dedication, tasks that have been put on hold have been accomplished.

Denver Parks and Recreation relies heavily on volunteers to help maintain our parks and trails and I appreciate the efforts the students demonstrated. It was a great success due to all the work completed. Your work and effort was very helpful and appreciated.

Once again, thank you for your support and I look forward in working with you in the near future.

Sincerely,

Tina Romero
Program Coordinator
